Mars is a war God in many cultures.

And how many other alignments did they check and discard before finding this "match"?

This is approaching Gematria levels of BS.

This is the same dickhead that "found" "connections" to Mars relating to the interest rates of the federal reserve or some other bullshit, also he felt the need to post it 100 times in a row...

I: Avoid presenting "what ifs" or baseless contrarianism as inarguable fact. All **ideas** are welcome, but do not expect **assertions** to go unchallenged. See also:

II: Current political themes and associated news submissions will be **heavily scrutinized**. This is NOT a soapbox, recruitment space, or a Red vs. Blue battleground. "Politically lite", but we're not going to tip-toe around certain topics, either.

III: Asking "what's the conspiracy?" or stating "this doesn't belong here" is usually frowned-upon. Nearly anything can be presented as a conspiracy ***theory***.

IV: Misleading, fabricated or sensationalist/editorialized headlines are subject to removal. Links must use original titles. Additions must be separated from the original title.

V: Quality of posts is preferred over quantity. If you have a trove of information to submit, try to space out your posts.

VI: Exercise civility and try to elevate the standards of discovery and discussion among your peers. Attack arguments, not the person(s) making them.
